UPK Updates Presentation – Mrs. Monahan and Mr. Webb explained the expansion grants as two grants for the Universal Pre-K Program. The first was to provide 17 slots for a half-day (we equate to 8 full-day slots) program for the 4-year olds and the second is to help fund a full-day program for up to 54 students. They noted that a representative from the State Education Department recently visited and was pleased with the program. The district will receive a report with recommendations for continuous improvement when the representative compares his visit notes with the district's Quality Assurance Protocol (QAP) that was submitted in April. The district did not receive any RFP submissions and will be filing for a grant variance to exempt us from local collaboration. Mrs. Monahan and Mr. Webb answered questions from Board members and stated the program has about 38 students enrolled for the 2023-24 school year.
